

UCLA EAP APPLICATION AND SELECTION POLICY

Applying

First Come, First Served:

Students will be selected for programs on a first come, first served basis; meaning that should a program get more *qualified applicants* than there are spots, then students will be selected based on the time and date their **complete, hard copy** application was submitted.

In this light, it is beneficial for you to submit your application as early as possible, as impacted programs will fill before the application closing date.

Requirements:

Students must meet the minimum application requirements for their program. Please refer to the [EAP website](#) for the specific requirements of your program.

Application Filing Period:

Students may submit applications for programs starting on the first day of Fall Quarter (September 22, 2008) and ending on their program's application closing date.

After Submission

The majority of correspondence will be done via e-mail, so it is imperative you check your e-mail on a regular basis.

Selection by UCLA:

You will be notified of your status via-email within **5 business days** from the date your application was submitted. This letter will indicate whether you have been selected or waitlisted.

Forwarding to University-wide Office of the Education Abroad Program (UOEAP):

In the weeks following your program's filing deadline, your application will be forwarded on to UOEAP, and later to the host university for final approval.

This process can take some time, and you may have to wait several months from when you were notified by UCLA EAP and when you hear from UOEAP. However, selection by UCLA EAP means you are highly likely to be fully accepted, as it is extremely rare for a host university to reject a student that a campus has selected.

Pre-Departure

In the months prior to your departure, your EAP counselor will schedule a **mandatory** pre-departure orientation for your program. You will be notified via e-mail when the date has been scheduled.

UCLA EAP Application Closing Dates by Country: 2009-10 Programs
